

The Bosign Laptray comes in 2 sizes - Large (L46.0 x W38.0 x D6.5 cms) and Mini (L43.0 x W23.0 x D6.5 cms) - with either a Plastic or Wood tray but always a 100% hard wearing cotton cushion cover with a cotton inner filled with polystyrene balls. (The new Walnut Tray option has a soft stretchy cotton mix cover). The tray top is smooth and flat with a small indentation for a cup, mug or pen pot. The edges are relatively low to allow LapTop and Tablet connectors and wiring to be used whilst being deep enough to retain small spillages. The tray can be wiped clean with a damp cloth and mild cleaner.

A key element of the LapTray surface is that it is coated with a high grade non-slip lacquer so that when in use or being carried items stay in place and do not slip or roll everywhere. Great when used in bed, on your lap or anywhere else you please. The Willow option does not currently have a non-slip surface.

The cushion is attached by 6 significantly sized Velcro pads, to detach simply pull the cushion gently and at an angle. At the back of the cushion there is a large zip which enables the white cushion inner itself to be removed from the cover. To re-attach the cushion we recommend placing the tray upside down on a flat surface, lining up the first row of Velcro pads and then pressing and smoothing gently across the whole cushion surface to ensure it is firmly fixed on all pads. NOTE: On the cushion there is a small zip, this should not normally be undone as its accesses the small polystyrene balls that fill the cushion.

- Multi-purpose tray for eating, online surfing or working on
- Non-slip easy wipe clean durable surface
- Made to the highest quality from the best materials
- Ergonomic grip handles enable easy carrying
- Fully shapeable lightweight bean bag style cushion
- Easily removable and 30 deg machine washable cotton cover
- Cushion fitted with velcro so easily removable if needed
- Disperses heat from your laptop to prolong its life and to protect you
- Readily stackable
- Comfortable and easy to adjust angle to suit the task at hand.
- Great for kids, adults, ill, disabled as non-slip, stable and washable
